Standard Notes: - Represents zero. (D) Withheld to avoid disclosing figures for individual companies. (NA) Not available. (X) Not applicable.

n.e.c. Not elsewhere classified.

In computing these ratios contract employment serving the establishment is excluded. The cost of contract work expressed as a percent of payroll for 1963 was: for the Dimension limestone subindustry, 13 percent; for the Dimension granite subindustry, 5 percent; for the Dimension stone, n.e.c. subindustry, 10 percent; for the Crushed and broken limestone subindustry, 10 percent; for the Crushed and broken granite subindustry, 11 percent; and for the Crushed and broken stone, n.e.c. subindustry, 10 percent.

Represents establishments with zero or negative value added in mining; establishments with no employees; and for number of employees and payroll, figures for separately reported central offices and related facilities.

Not shown since the cost of supplies, fuels, purchased electric energy, contract work, and purchased machinery exceeds the value of shipments and receipts plus capital expenditures.
